A Kindergarten teacher: was observing her classroom of children while they were drawing. She would occasionally walk around to see each child's work. As she got to one little girl who was working diligently, she asked what the drawing was.

The girl: replied, "I'm drawing God."

The teacher: paused and said, "But no one knows what God looks like." Without missing a beat, or looking up from her drawing, the girl: replied, "They will in a minute."
